If your child cannot be immunized for medical or other reasons a statement from your doctor should be presented at the time of registration.

In addition, the Stafford Board of Education requires that before entering school in August all children have a physical examination, which includes a blood test for hematocrit or hemoglobin and a dental exam. Forms for your doctor to fill out will be available at the time of registration.

Children who already attend a program in the Stafford Public Schools do not need to be registered. Also, it is not necessary to bring children to registration at this time. Children will be asked to participate in a school visitation at a later date.

We look forward to seeing you at registration.

Sincerely,
